### Best of the Bookmark Podcast: Fabulous reads outside your comfort zone

Posted on July 13, 2021 by Elizabeth Tschetter

#### Listen Now

#### Chris's Theme: Out of the Box

While The Bookmark is on summer hiatus, we are re-posting some of our favorite episodes. This one was originally posted on Dec 21, 2020. Hope you enjoy the listen and find more books for your list.

We've all read titles that forced us out of our comfort zone. The books we talk about this week encouraged us to step out of our usual reading "box." Chris not only read a romance, he read a disturbing tale that reminded him of *Heathers*. We did mention Chris read a ROMANCE, right?

Autumn surprised us with a "well-written and not dry" business management book. She also read a book about a character who is always stepping slightly out of her box. Miranda supplied us with some good recommendations that are out of the box for their authors. A thriller from Alyssa Cole?! A non-Dublin-based book from Tana French?!
